Meet your

Class 3: Networking Devices and Initial Configuration

Junior Cybersecurity Analyst Course Instructor

Continue learning networking essentials and build your foundational skills.

Luis Maya is a seasoned Cybersecurity and Network Engineering expert with 12 years

of experience safeguarding critical systems and network infrastructures. Luis is a US Navy veteran and has accrued real-world skills that range from administrating Windows and Linux systems, designing Cisco network architectures and firewalls, and real-time analysis of network threats along with penetration testing. Luis' expertise has earned him industry accreditations to include CompTIA A+, CompTIA Security+, EC-Council Certified Ethical Hacker (CEH), and Freewater Technologies Network Forensics Analyst (NFA). Luis is also a current candidate for the ISC2 Certified Information Systems Security Professional (CISSP). In addition to being an instructor, Luis is also a Network Engineer for Booz Allen Hamilton, a Fortune 500 tech management consulting firm. He is married and has three children."
